

On February 23rd, 2004, Michael S. DeLarco was involved in a tragic train accident that took his very young life. He was only 10 years old and is deeply missed by all that knew him. In his memory, we established the Michael S. DeLarco Foundation to raise awareness on rail safety and to help others as he so often did. On August 1st, 2018 we will be honoring him at the Annual Michael Salvatore DeLarco Golf Outing, which will be held at the Schaumburg Golf Club for family and friends to remember Michael and to support the goals of our mission.

This year we are offering several different sponsorship opportunities for you to be included in.

\$100 Hole Sponsorship: submit by July 23rd
