

On February 23rd, 2004, Michael S. DeLarco was involved in a tragic train accident that took his very young life. He was only 10 years old and is deeply missed by all that knew him. In his memory, the Michael S. DeLarco Foundation was established to raise awareness of rail safety and to help others in need within our community, focusing on children who are ill.

On Wednesday August 6th, 2025, we will be honoring him at the Annual Michael S. DeLarco Golf Outing which will be held at the Schaumburg Golf Club. It will be a day for all to remember Michael and to support the goals of our mission.

We are offering sponsorship opportunities for you to be included in:

\$100 Hole Sponsorship: submit by July 22nd

- sign placed at a tee box featuring the business or family/individual's name
